

**A FREE CANON POWERSHOT A510  
DIGITAL CAMERA WITH  
EVERY ORDER!**

*Capture even the smallest  
images with outstanding clarity*

## **CANON RE-455X VISUALISER**

### **PRESENT ULTRA-CLEAR IMAGES**

Featuring superior quality optics and user friendly features, the Canon RE-455X Visualiser makes it easy to display clear images of original paper documents, 3-D objects, photographs, film or transparencies. Even when fine details are crucially important the 12X zoom ensures that everyone gets the picture.

The RE-455X offers both video and extra-sharp 1024 x 768 XGA output making it ideal for presentations, video conferences and many other applications. Designed with the versatile performer in mind a user friendly operation panel is located at the front making adjustments quick and easy.
